Problem: Come up with an project idea that is: Local-First meaning data is saved on the device and potentially synced when convenient

 Social Media Management meaning that it is a tool that will interact with social media accounts

 Centralized meaning that this one tool will interact with all of your social media accounts, not just one

CRUD: Create Read Update Delete

Consider the scope of the project (not too big)

Rules: Each person comes up with one idea. (10-15) Every 3-5 minutes move down and right and add improvement for Idea that is not their own.

> Idea Brainstorming and Idea Modifications:

Start time: 6:13 End time: 6:53

Reading feedback and defending your idea: Start time: 6:55 End time: 7:29

Names: Ideas: For Matthey below Improvements/Suggestions (organized by columns)
